

City of Waupun

➤ signature project

Intergenerational Connections

K-5 students connected with Waupun older adults through penpal programs, fishing friends, and Bingo buddies while high school students researched bench locations in the community.

➤ replicable best practice

Incremental efforts towards policy and infrastructure.

Municipal planning efforts included approving accessory dwelling units (granny flats), encouraging building codes that meet universal design standards, and approval to seek funding for a new senior center.

Host Organization

City of Waupun
Economic Development and Recreation Departments

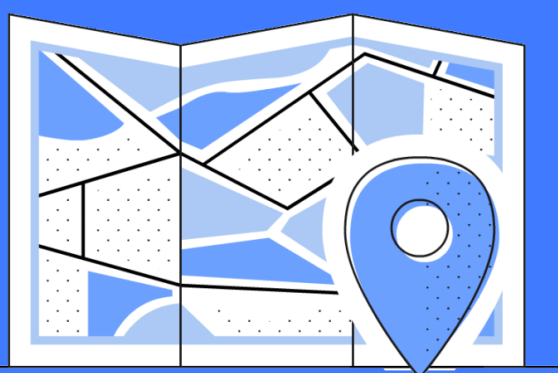

Community Demographics

10,963 Residents
14.9% age 65 and up

Continuing the Work

Livability issues are part of the re-invigorated City of Waupun Recreation and Wellness Board

➤ key challenge

Many older adult services are provided at the county level. The City of Waupun is divided across two counties that have larger population centers where their services are concentrated.
